

ANNOUNCEMENT

ALTA 2010

Nickel-Cobalt-Copper, Uranium & Gold Conference
Perth, Western Australia, May 24 - 28, 2010

www.altamet.com.au

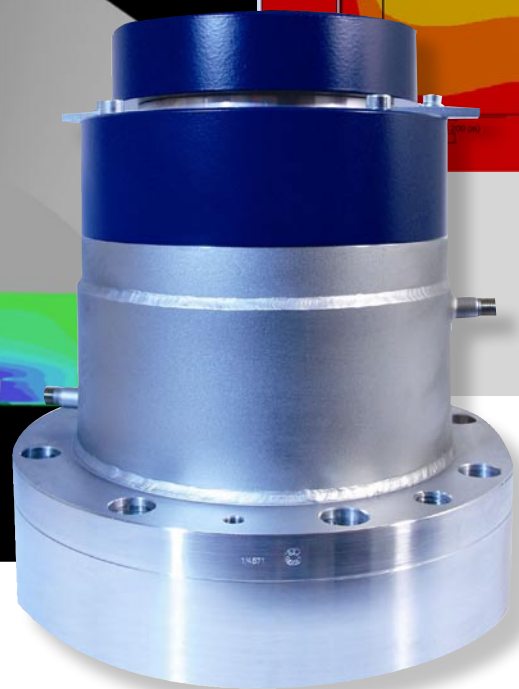

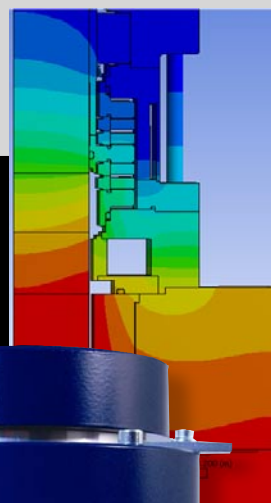

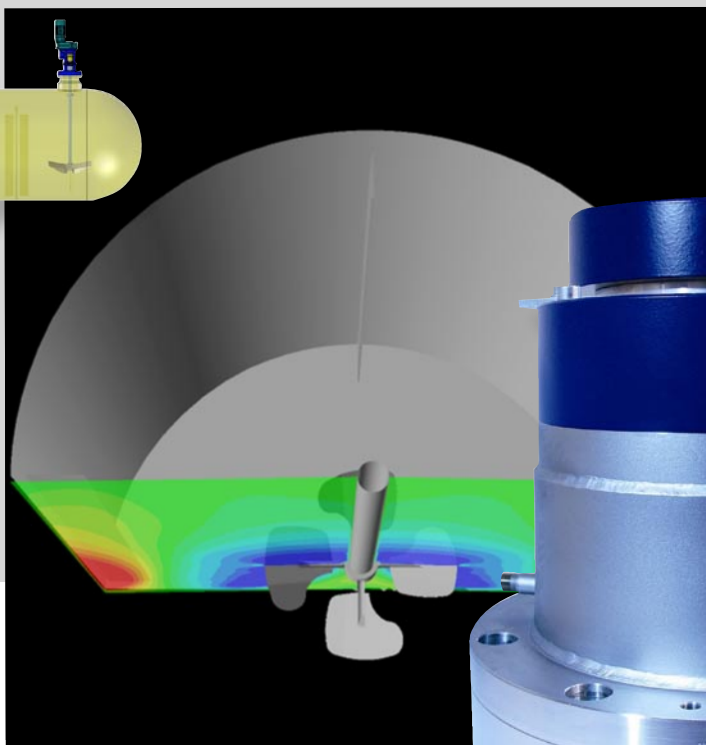

EKATO are pleased to announce their continued support of the ALTA Conference, where this year, we are presenting the following papers:

- *Increasing safety and reliability of autoclaves by a simplified risk analysis procedure of mechanical seals and supply systems*

*Presenter: Rainer Krebs, Ph. D.,
President, EKATO ESD*

- *Considerations and methodologies for the design of gassed agitated CSTR's*

*Presenter: Wolfgang Keller,
Senior Process Engineer, EKATO RMT*

We look forward to seeing you at the conference and invite you to join us at Exhibition Booth No. 4 for further discussions.
