

# EKATO GROUP

A decisive factor contributing to our company success is our qualified customer support. To secure our market position in the long term we are increasing our activities on the Japanese market.

## Advanced Process Solutions

The EKATO Group is market leader worldwide in the area of mixing technology and is expanding successfully with subsidiaries.

EKATO develops, designs and manufactures industrial agitators, sealing systems and production units with a staff of 600 employees in Germany, Europe, USA, Asia and Australia.

For more information please contact Mr. Hideo Nakanishi by phone: + 81 45 222 0591 or e-mail: [agitator@ekato.co.jp](mailto:agitator@ekato.co.jp)
